COUNTRYWATCH provides the most cost-effective, current and comprehensive source of socio-demographic, cultural, historical, economic, political, environmental and corporate information, along with news, analysis, maps, data and statistics on all of the 191 countries of the world.

CountryWatch offers unique features to meet the needs of educators and students of political science, international relations and economics, available through our Standard or Premium Services.

UNIVERSITY STANDARD ONLINE SERVICE

Campus Wide Access: $0.15 per student (FTE) • $399 minimum - $1500 maximum

- COUNTRY REVIEWS™, for 191 countries, each comprising a 50-100 page reports covering the demographic, historical, political, economic, business, social and environmental background and contemporary issues facing each country. Reviews are updated on a biannual schedule but are updated dynamically on the Website whenever major events occur in a country (e.g. change in government).

- COUNTRY WIRE™, providing a real-time news wire for each country with articles from a dozen major international news services including EFE, Interfax, Xinhua, United Press International, Panafriican, National Technical Information Service, Caribbean News Agency and the Pacific Islands Broadcasting Association. The Country Wire also includes a one-year searchable archive with more than 180,000 articles.

UNIVERSITY PREMIUM ONLINE SERVICE (includes Standard Services)

Campus Wide Access: $0.20 per student (FTE) • $599 minimum - $2000 maximum

- COUNTRYWATCH DATA, providing over 200,000 data points at the touch of a finger, and offering eight years of statistical data for all 191 countries. Each of the 250 variables is searchable through 5 categories and 24 subcategories. CountryWatch Data provides convenient access to current macroeconomic, economic sector, health, demographic and environmental statistical data, featuring functions for easy download and cross-tabulation.

- COUNTRYWATCH MAP GALLERY, An online collection of over 170 maps that takes the information from CountryWatch Data and presents this information as thematic world maps that have been created with ESRI mapping software. The gallery covers a wide range of political, physical, cultural, economic, macroeconomic, environmental and country risk maps.

- COUNTRYWATCH@SCHOOL, providing an online educational resource, with Social Studies curriculum materials, activities and lesson plans for academic users in grades 9 through 12, based on the content of the Country Reviews™ and the Country Wire™. These educational resources have been developed according to National Social Studies Standards, and in association with specialists in the disciplines of Geography, History, and Social Studies.
