Global Business Information at Your Fingertips

OneSource Global Business Browser is a family of web-based business information subscriptions that can help you increase the productivity, effectiveness, and decision-making of your customer-facing organisations. OneSource Global Business Browser provides anytime, anywhere access to robust, integrated business intelligence, including corporate families, industries, key executives and financial data. Four regional editions help you pinpoint your best prospects, partners, and suppliers anywhere in the world.

The Choice of Sales, Marketing, and Service Leaders

Companies in high technology, financial services, professional services, and other global industries rely on OneSource Global Business Browser to:

- Generate higher-quality sales leads
- Find key executives
- Improve pre-call planning
- Manage customer relationships more effectively
- Find the best global suppliers

- Research industries and business trends
- Track company performance
- Monitor competitors
- Analyse financial risk

Unlimited Access to Indispensable Company-linked Information

Through a simple-to-use browser interface, OneSource Global Business Browser delivers one comprehensive view of a company's business focus, history, competition, industry's strengths and weaknesses, executives, announcements, news coverage, financial health and more. Unlike pay-by-the-report services, OneSource provides unlimited access to world-class business intelligence for one annual fee with no hidden costs.

- Powerful prospecting tools help you build precisely-targeted prospect lists, screening businesses by location, industry, SIC code, revenue, growth rate and number of employees. Lists can be quickly downloaded in a variety of formats.
- Key executive contacts and biographies help you identify decision-makers and prepare selling strategies. In addition, to standard contact data, many executive listings include biographies, educational background and professional affiliations.

Company and industry market research reports provide outstanding analytical coverage. Industry information includes market size, sectors and forecasts, top players, news and analyst reports.

- Multi-company comparisons of financial health data help you evaluate clients or partners in relation to each other and compared to industry norms. Comparisons can be exported to spreadsheets for further analysis and manipulation.
- News alerts and saved searches keep you up to date by tracking critical events that affect your top clients, prospects, and competitors. Custom OneStop PDF reports are perfect for sharing, reviewing while traveling, or archiving in support of business decisions.

The Global Business Browser homepage provides quick and intuitive access to critical business information.
Broader Global Coverage
than Any Other Source

OneSource Global Business Browser’s four regional editions help you pinpoint your best prospects, partners, and suppliers anywhere in the world.

- **Global Business Browser North America** provides robust intelligence on over 13 million US, Canadian and Mexican public and private companies, as well as over 13 million executive decision makers and hundreds of industries. This also includes detailed IT profiles and executive contacts.

- **Global Business Browser UK** provides robust information on over 2.7 million registered UK companies, and over 6 million executives. It is available in a standard edition and a professional edition tailored to the needs of professionals specialising in Legal, Leasing, Auditing, Lending, Insurance, Financing, Professional Services, and Mergers & Acquisitions.

- **Global Business Browser Europe** provides detailed information on over 550,000 European public and private companies and over 2 million executives. Compare public and private companies in each country, using three years of detailed financials where available.

- **Global Business Browser Asia Pacific** delivers key business and contact information on over 530,000 Asia Pacific companies across 20 countries, and over 880,000 executives.

View a consolidated, comprehensive company profile.

Research corporate family structures and monitor mergers & acquisitions activity.
