Special Program for Small Ph.D. Institutions
Program Form

Select One (X):

____ One Concurrent User Without SSM
       2006 price of $17,075 (subject to annual price changes)

____ One Concurrent User With SSM
       2006 price of $24,800 (subject to annual price changes)

• My institution has 20 or fewer chemistry graduate students plus chemistry faculty members.

I will inform CAS in the event my institution exceeds 20 chemistry graduate students plus chemistry faculty members. In this event, my institution will become ineligible for this program at the expiration of the current twelve (12) month term.

OR

• My institution’s historical usage has been below that of like kind institutions.

My institution’s continued eligibility for this program will be evaluated by CAS every eighteen (18) months. In order to continue being eligible for this program, my institution’s usage of SciFinder Scholar will need to be consistent with the other universities in this program. In the event my institution becomes ineligible for this program, CAS will promptly notify the university key contact. Such ineligibility will be effective at the expiration of the current twelve (12) month term.

By signing below, your SciFinder Scholar License Agreement will be amended to reflect your participation in this Special Program for Small Ph.D. Institutions Program. All other terms and conditions remain unchanged.
