Uncover first-class information with LexisNexis Academic

Around the world students, librarians and academics spend valuable time gathering and filtering information.

LexisNexis Academic is a reliable online source of news, business and legal information created specifically with the Academic market in mind. Developed with LexisNexis’ experience as an authoritative provider of research solutions to professionals, LexisNexis Academic provides premium full-text and abstracted sources to help students, librarians and academics retrieve the results that they need.

LexisNexis Academic can be integrated into your libraries’ current environment providing fast access to over 6,000 international and local publications. The powerful search interface is easy-to-use and caters to the needs of both basic and advanced researchers.
Why our customers choose LexisNexis Academic

**Superior Features**

LexisNexis Academic is a cost-effective research tool that is reliable and easy-to-use. It offers users:

- **Simple source selection** – sources can be selected by language, geography, topic, publication type and more!
- **Advanced or basic** – easy-to-use search forms aimed at users with different levels of competence.
- **Flexible display options** – results can be viewed in list, expanded list, KWIC and full document format or can be customised.
- **Indexing** – LexisNexis SmartIndexing is applied to all searches to ensure you get relevant results.
- **Refined searches** – users can narrow their results further to pinpoint the information they need.
- **Results clustering** – search results can be grouped in various ways such as by publication, category, subject and geography.
- **Multiple output options** – users can print, email or download documents.
- **Customisable** – preferences can be set to make the product fit with your needs.
- **Seamless integration** – IP fixed to your IP range so no ID or password are required.
- **Library friendly** – support for article-level linking and federated searching.
- **Remote access** – 24/7 access from wherever you are.
- **24 hour support** – operating 24 hours a day, our toll free help desk can handle questions regarding content and technical issues.

**Rich content**

From full-text to abstracts and citations, LexisNexis Academic is a rich source of current and archived content across a range of sources and source types.
