NAVIGATOR FUNCTIONS

A) ZOOM

To zoom in on a story, click the zoom icon in the on the right of your screen.
PressDisplay will fill the main window with a magnified section of the page.
Another way to zoom in on the main window is to click and drag the mouse.
This will lasso the area you want to read.

To enlarge this window, click the maximise icon. To close it, click the close icon.

Finally, you can also increase or decrease font size within the magnifying lens. Simply click on a ‘+’ or a ‘-’ sign at the top-centre portion of the lens to reload it with a new font setting.

B) THUMBNAILS

To move to a new page click the thumbnail of the page you want to move to in the right-hand-side. When you select a new page, the main window is updated with the selected page.

By clicking on a thumbnail icon in the Control Panel on the right, all of the thumbnails for the particular newspaper title are shown in the main window.

C) BOOKMARKS

To bookmark a page, so that you can create a shareable URL for it, click on an e-mail icon in the Control Panel on the right hand side of your computer screen. You can e-mail this page to yourself, your friends, family or colleagues.

SEARCH FUNCTION

Open the newspaper you want to read, and enter the key-word that you want to search for (in the language of the publication you are reading) by opening up the search window at the bottom of the Control Panel.
After the search is completed, PressDisplay will present thumbnails of the pages that contain the keyword, and highlight them on the page in orange for easy reference.

BACK ISSUES

You can read all of the issues from the last 14 days.
At the top of the main window, you will find the title of the publication you are currently reading (on the left) and the date of the issue you are reading (on the left). Next to this date you can see an arrow. Click on this arrow, and it will start taking you back in time.
Alternatively click on the calendar icon and select one of the dates highlighted in bold.
