A wide variety of information

Daily Medical News
The daily Medical News wire is designed to help physicians, researchers and other medical professionals stay informed of developments in their field. The content of the wire is selected for its relevance and newsworthiness, and is presented at an appropriate level. The reports are concise yet sufficiently detailed to allow the reader to assess the value of the findings reported.

Reuters Health Industry Briefing
Reuters Health Industry Briefing fulfills the need-to-know imperative of the healthcare industry community.

The latest news on the pharmaceutical, biotechnology, medical devices and diagnostics industries – financials, M&As, pipeline information, drug discoveries and emerging technologies, product approvals – as well as managed care news, healthcare delivery economics and legislative activity... all and more are covered and updated every 15 minutes throughout the business day.

Health eLine
The consumer-friendly Health eLine service delivers a lively, informative roundup of news for the average reader interested in wellness, healthcare and the latest treatments for medical conditions.

Health eLine offers accurate, readable and useful medical news reports – a healthy alternative to the usually skimpy treatment in the general media.

Reputable sources
The sources of all Reuters Health news stories are derived from highly reputable publications in the pharmaceutical industry, and many of these news stories are published first through Reuters Health Information before they reach the general press. Gain access to all the following news sources:

- Pre-publication, embargoed copies of over 200 key international medical journals
- International medical conferences and symposia
- Global Reuters resources and network of over 2,300 journalists
- Press releases and press briefings from healthcare ‘stakeholders’
- Government and regulatory agencies hearings, announcements and reports
- General and healthcare newswires and news agencies and other major media
- Healthcare business, professional and consumer opinion polls
- RHI Journalists’ personal contacts
