Aims & purpose

- Curate and organise resources produced in-house
- Share with educators working in under-resourced institutions
- Give visibility to our work outside of UniSA (build reputation)
- Experience the process so that we can support others

Knowledge & skills we bring

Collaborate

Develop

**learning
design**

Design

**Engagement
and
Interactivity**

Our challenges

- Technical knowledge related to Pressbook **platform** (e.g., custom CSS)
- **Copyright** management (support offered by Library)
- Biggest challenge: Limited **institutional support** for OER creation as valuable activity. Must be included in workload as priority or difficult to allocate time.
